WHAT IS HOME HEALTH CARE?

Home Health care includes an extensive range of services provided at your home to treat an illness or injury, or if you need assistance managing conditions like heart failure, diabetes or respiratory problems. Home health care will help you live as independently as possible while reducing the need to return to the hospital.

WHY SHOULD I CHOOSE UNICARE?

We provide quality home health services to residents in Yuma and surrounding areas. Our team specializes in skilled nursing services at home along with therapy, medical social work and nutritional guidance. We are dedicated to bringing you the level of expertise along with the compassionate support needed to assure the best outcome for each and every patient.

HOW CAN I RECEIVE UNICARE SERVICES?

- Request an order from your doctor to start home health care.
- Once the order is received, we will make an appointment to come to your home, discuss your needs, and schedule home health services. We will also answer any questions you may have about our services.

- Our Unicare healthcare team is ready to care for you. We look forward to providing quality health services including skilled nursing, home health aides, medical social worker, and therapies (physical, occupational, or other) based on your doctor's orders and medical needs.

OUR MISSION is to provide outstanding patient care to our diverse community by utilizing effective processes and achieving great customer satisfaction within a patient-centered model of care.
